FUN!
less
FUSS.

- Sew multi-color designs automatically
- Re-hoop less! big 12 x 12" sew field!
- Sew directly on finished pants, shirts and more!

Sewing should be fun, plain and simple.

If you enjoy sewing and embroidery projects, you'll really love what HAPPY's HCS Voyager can do for you. A powerful, yet home-friendly 12-needle embroidery machine, Voyager embroiders big and small designs completely without the need to re-thread. Its automatic 12-color system, 12x12 inch sewing field and hard-working inner mechanicals all work together to help you take a bigger bite out of your sewing projects. Which frees you to be more creative. Or do some production embroidery. Or most importantly, do just about anything else you'd like to do with the time and effort you'll save!

- Use up to 12 colors, 99 color changes per pattern without changing thread!
- Friendly color control panel with on-board help makes setup a snap!

- Embroider an entire 12x12" quilt square in 1 hooping!
- Versatile! Embroider on heavy and light materials, applique, hats bags, work jackets and more!
- Voyager is sturdily constructed to meet the demands of sewing projects big and small.

Take your sewing projects to the next level with
