ABOUT THE ADVANCED CLASSES IN CHARLOTTE, North Carolina

Advanced Machine Class: More in-depth operation, maintenance, repair of Happy 1-Head embroidery machines (including HCH, HCS, and HCD model lines)

9:30am to 5:00pm (with 12:00pm-1:30pm break)

Note: Class members are encouraged but not required to bring their own laptops (if practical) to take better advantage of some learning tools. *Topic schedule is approximate and may change.*

- **Morning Session Topics (9:30 to 12:00)**
 - **Know Your Machine More In-Depth** (sets foundation for lessons taught later in the day)
 - Understanding the stitch cycle/embroidery process more thoroughly
 - Advanced Features: taking advantage of additional features in your HAPPY machine.
 - **Taking Your Work to the Next Level: Upping Sewing Quality Across the Board**
 - Understanding how digitizing quality affects sewing quality (from a non-digitizer's standpoint)
 - Advanced Setup: making better choices on hooping, stabilizer, thread, needles
 - Machine Performance: Key adjustments that improve quality and productivity
 - **Advanced Machine Maintenance**
 - Basic maintenance review, more thorough, long-term maintenance, troubleshooting
- **Afternoon Session Topics (1:30 to 5:00pm)**
 - **Advance Machine Maintenance (continued)** - repairs & adjustments
 - **Trendy/Popular Projects** – covered in-depth. Sample try-it-yourself files, materials/sources given out in class. Typical topics covered: professional applique, patches, digitizing/sewing 3D foam on hats

Advanced Digitizing: Professional Quality Digitizing & Advanced Editing with Stitch & Sew2

9:30am to 5:00pm (with 12:00pm-1:30pm break)

Note: Class members are encouraged to bring their own laptops for the opportunity to work/practice on their own PC's. Some prior knowledge of digitizing is necessary to follow the topics in this class (see recommended prerequisites on the right). *Topic schedule is approximate and may change.*

- **Morning Session Topics (9:30 to 12:00)**
 - **Optimizing Your Work Environment for Better Efficiency**
 - Optimizing your software's performance and setup
 - Additional shortcuts, functions in your software to help make digitizing more efficient & accurate
 - **Digitizing Full Logos**
 - Review of basic strategies and techniques for digitizing
 - "Pro"-level digitizing: additional techniques to maximize quality & sew-ability
 - Digitizing workshop: digitizing actual logos chosen in-class
 - **Advanced Editing**
 - Editing as you Digitize
 - Additional editing: improving existing designs, combining designs, common fixes
 - **Review** of progress before lunch break
- **Afternoon Session Topics (1:30 to 5:00pm)**
 - **"Bettering the Art" of digitizing**
 - Improving / modifying / re-interpreting less-than-optimal customer art
 - Use of color: better color selection, gradients
 - **Follow up Digitizing Practice**
 - **Miscellaneous Digitizing Tools**
 - Auto-digitizing, photo-stitch, stitch command-level editing & digitizing, special stitch types (patterns/motifs, etc.)

Advanced Digitizing Pre-Requisite

The focused content of this class assumes that students have some prior knowledge of their digitizing software (covered in the Basic Digitizing class also offered by TEXMAC) to maximize the benefits from this class.

Procedures and Policies for Training Classes at TEXMAC Inc.

- Up to 2 persons per company may attend. Attendees must be at least 16 years of age, due to the operation of machinery in the classroom
- Service animals are welcome at TEXMAC Inc, but please notify us at least a week in advance. Policy requires advanced notification to other attendees due to possible issues such as documented allergies, phobias, etc.
- Registration forms and any applicable payment must be received at least 1 week in advance prior to the date of class start to confirm your seat.
